

# INTRODUCTION

RANS Real EstateLtd. has become a trusted name in the real estate sector & also one of the leading real estate company in Bangladesh. It has started its operation from the month of April, 2008 with a motto of "Desires in to Reality." From its very inception, the company has won the confidence and goodwill of its clients because within a short span of time, RANS has grown into a renowned and dependable organization in the country.

RANS Real Estate Ltd takes pride in development of Residential Apartments, Shopping complex and Commercial Building in different prime locations of Dhaka City. In the meanwhile, it has been launched more than 15 projects on it purchased land at the prime location like Gulshan, Banani, Dhanmondi, DOHS, Tejgaon, Mohakhali, Motijheel and even that adjacent of the world's longest sea beach of Cox's Bazar. In addition, RANS Real Estate Ltd has tried to provide accommodations suitable for middle class families while creating scope for development of residential lands in the vicinity of the capital city. Efforts are underway to cater to the needs of clients in every market segment.

At RANS, all construction materials and equipments are procured with a great care to ensure the highest possible standard. RANS is committed to maintaining a very high standard in quality control and workmanship. Use of high quality materials and high-tech equipments is a daily routine for the RANS family.

The success of such a large construction company requires specialized labors and highly qualified professional backup and RANS has developed a strong team of such highly skilled, experienced professionals to work under its competent management. The company currently has four hundred employees working, most of them being very qualified and experienced in their respective fields.

Facing

: North

Building Height

: G+12 with 03 basements.

Total No. of Apartment

: 33 nos.

Size of Apartment

: 2969 Sft., 2999 Sft. & 3179 Sft.

Car parking

: Available for each apartment

Expected Handover

: June, 2015

Dhanmondi is a city within a city and RANS Romena is right at the heart of Dhanmondi. Standing on a board street, its dwellers will have the rare convenience of living close to a medieval mosque reminding passers-by of its glorious past and high standard schools, colleges and shopping arcades around it are within walking distance, yet the living environment will be one of quiet and tranquility. This ultra-modern residential complex will be developed according to the new building construction rules with the provision of the facilities and amenities in it as contemplated in the rules. The building plan will allow half of the land area (approx. 10 katha) will be left open to the vast sky.

RANS Romena to its pride occupies one of the finest plots in Dhanmondi. Bordered by Road No. 5 on the North and serene lake on the West. Every part of this eye catching modern apartment complex will be swept by plenty of gentle breeze and brightened by the sunshine. Careful planning, exquisite designs with high aesthetic appeal and the best construction materials will be secure for it and enviable position in architectural and engineering craftsmanship. The sunshine during the day, the gentle breeze from South and enchanting lake with all its water promise for its dwellers a strange experience of living in a rural environment in urban setting. Living in a high rising building they will be spared the noise down on the streets and will have a curious sensation of being near to the sky. You are going to get the sky, the lake, the greenery around, the breeze, the sunshine and all the facilities of city life - All in One. Its a package deal.
